OUTLOOK IS GLOOMY. MURDERED BY FIENDS

Tension Great in the Trouble Over Transvaal Dispute.

REPLY FROM KRUGER SLAIN WITH AN AX.

It Has Been Received by Great Britain but Only High Officials Know its Contents—Burghers Declare Themselves.

London, Sept. 14.—The Transvaal's reply to the last note of the British secretary of state for the colonies, Mr. Chamberlain, has been received, but the nature is not yet known. At the colonial office a reporter of the Associated Press was informed that nothing would be given out for the present. It is regarded as significant, however, that the nature of the Boer reply was communicated to Commander-in-chief Lord Wolseley, who immediately summoned General Sir George Stewart White, V. C., former quartermaster general, and prospective commander of the British forces at Natal.

South African advices continue most conflicting regarding the tenor of President Kruger's answer to Mr. Chamberlain.

The Manchester Guardian correspondent at Cape Town telegraphs that the outlook is of the gloomiest character.

Cape Town papers themselves take a more hopeful view of the situation, basing their belief on the probable acceptance by President Kruger of the franchise measure in Mr. Chamberlain's latest dispatch. But even they admit that it is impossible to learn or forecast President Kruger's attitude toward the suzerainty of Great Britain, which after all, is still the main issue.

The tension now existing here and at Cape Town may be temporarily settled at any moment by the publication of Kruger's reply, and on the other hand it may be several days before the general public learns what answer The Transvaal made. If President Kruger has answered definitely and which does not mean an immediate breaking off of negotiations, the British will probably reply with an unmistakable ultimatum. It is scarcely to advantage to bring about hostilities until British reinforcements are nearer the scene of action than they are at present. President Kruger's reply will probably have several more stages of diplomatic processes before there is definite war or peace, unless President Kruger should take the initiative and raid Natal. It is possibly this move that makes definite news of his reply so eagerly and anxiously awaited.

Burghers Stand With Kruger.

Bloemfontein, Sept. 14.—Members of the raad of the Orange Free State have been notified to be ready to be summoned for extraordinary session at a moment's notice. The burghers of Orange Free State at a meeting passed a resolution to stand shoulder to shoulder with The Transvaal in case of hostilities.

THE TARTAR SAILS.

British Authorities Decided Not to Interfere With the Transport.

Washington, Sept. 14.—Clearance papers have been allowed the Tartar at Hong Kong. It is expected she will proceed to the United States at once. The information of clearance came in a dispatch to Adjutant General Corbin from Colonel Metcalf, commanding the Twentieth Kansas and the troops aboard the transport.

It is supposed clearance papers were allowed upon suggestion of the British foreign office to the British consul at Hong Kong, that it would be unwise to interfere with American transports.

Another dispatch from Colonel Metcalf in reply to one sent Wednesday, states that the Tartar is no more overcrowded and the food as good as on other transports leaving Manila. He said the trouble arose among discharged regular soldiers who are returning home on board the ship.

Philadelphia Exposition Opened.

Philadelphia, Sept. 14.—With ceremonies unattended by ostentation the National Export exposition was formally opened here. Distinguished visitors from all sections of the country were in attendance, including representatives of the diplomatic corps, officers of the army and navy, scientists, business and professional men.

Gulf and Brazos Valley.

Mineral Wells, Tex., Sept. 14.—The Gulf and Brazos Valley railroad began laying track from their junction with the Texas and Pacific Monday and expect to have the same completed into Mineral Wells in about 20 days.

Strike Ties up Steamers.

London, Sept. 14.—Seventeen steamers are unable to leave the Tyne owing to the shipping strike. Several steamers have conceded to the strikers' demands. The seamen are jubilant.

Mother and Two Sons Killed Not Far From Pleasanton.

SLAIN WITH AN AX.

The Bodies Were Badly Mutilated, Especially That of the Mother. Robbery the Only Theory for the Deed.

San Antonio, Sept. 14.—Three well known persons, a mother and two sons, were brutally murdered seven miles west of Pleasanton Wednesday morning.

Justice Milford, Sheriff Avant, a deputy sheriff and Dr. Sharp were directed to the home where the crime was committed. They found Milley Barber, aged 45 years, lying on the floor, his head and face mashed into a pulp. In the doorway lay Mrs. Barber, his mother, aged 70 years, her head horribly cut and mangled and parts of the brain and pieces of the skull spattered here and there. About 200 yards away lay the body of Levy Barber, a demented brother of Milley Barber. The body was face downward, the head beaten into a jelly. A mesquite club was at his side, which told the story of he came by his death.

The mother and sons, slain in the house, were brutally murdered with an ax, which was left standing up against the house, all covered with human blood. The demented man was barefooted, but there were shoe tracks around where his body was found.

The Barbers were very quiet people and kept a small country store, living in an humble cottage. They were worth between \$6000 and \$8000 and robbery was probably the motive. Their money sack is gone and a bureau was ransacked. It is not thought the sack contained much money.

A lady and a boy who stopped Tuesday night with the Barbers left them in usual health at daylight.

FEVER SPREADING.

Thirty-Five New Cases at Key West but No Deaths Are Reported.

Key West, Fla., Sept. 14.—Thirty-five cases of yellow fever have been reported in the past 24 hours, 13 of which were adults, the remainder children, making a total to date of 253. No deaths have been reported in the past 24 hours.

No Fever at Mobile.

Mobile, Sept. 14.—Health Officer Goode, states that he is fully informed of the conditions in Mobile, and declares officially that there is no serious sickness in Mobile of any kind and positively no yellow fever or any suspicious cases.

One New Case.

Jackson, Miss., Sept. 14.—Dr. H. H. Harry, state health officer in charge at Mississippi City, reports one new case of yellow fever at that place. The other patients are nearly all well.

The situation in Jackson continues quiet and no new cases have developed.

Long Distance Talks.

Dallas, Sept. 14.—Hundreds of persons in Dallas conversed Wednesday night with persons in Chicago, St. Louis, Kansas City, Louisville, Nashville and Cincinnati. In addition they were serenaded by a glee club at Henderson, Ky. All this was done by the long distance telephone. The occasion was the opening of the long distance lines of the Southwestern Telegraph and Telephone company between the points named. During the evening the Dallas Quartette club sang several selections. The club then also sang for the benefit of the listeners in Chicago, 1200 miles away. The listeners applauded. The lobby of the telephone building was used for the reception.

A Tragic Death.

Paris, Tex., Sept. 14.—Will Caldwell, a young man, formally engaged in farming in this county, met with a tragic death in the Cherokee Nation, to which he had moved three or four days ago. He was an expert horseman. Several young men met near Marlow and engaged in a riding contest on wild horses. Young Caldwell attempted to reach down from his saddle and tie a handkerchief around his horse's foreleg, while it was pitching. The horse fell on him and killed him.

Boy Crushed to Death.

San Antonio, Sept. 14.—John Ware, a negro boy, aged 16 years, was severely mangled between two Pullman sleepers in the coach shed in the International and Great Northern yards and received injuries which caused his death half an hour after the accident. The coaches were standing about five feet apart and the boy was standing between them when the switch engine backed down the track with fatal result.

Killed by a Thrasher.

Guthrie, O. T., Sept. 14.—Joseph Brenson, aged 18, was crushed to death by a traction thrasher engine east of

KILLED IN A WRECK.

Three Women Dead, Two Trainmen Badly Hurt and Another Injured.

Bakersfield, Cal., Sept. 14.—The north-bound passenger train No. 8 on the Southern Pacific railroad, ran into the rear end of the Porterville accommodation train at Formosa, about 20 miles north of here late Wednesday night.

Mrs. Maggie Majors of Los Angeles, Mrs. Ross, her mother, and Mrs. Larue were killed.

Engineer Wright and Fireman Keller were seriously injured and their condition is precarious.

The trackwalker was badly hurt and is unconscious.

The cause of the wreck is said to be due to the carelessness of the Porterville train crew, which permitted the train to occupy the main line when the passenger train from the south was due.

Another Wreck.

Pittsburg, Sept. 14.—Two men were killed and two injured in a collision on the Pittsburg, Virginia and Charleston railroad near Baird's station, between the pay train and freight train. Edward Rehbach, engineer, and Charles Bettig, fireman, were killed. The injured will recover. The accident was caused by a misunderstanding of orders.

Passenger Train Derailed.

Harlem, Mont., Sept. 14.—A passenger train on the Great Northern road was derailed four miles west of here. The engine, tender, baggage, mail cars and two coaches left the track. Seven people were injured; none seriously.

FILIPINO POLICE.

Two Hundred and Fifty Now Patrol the Streets of Manila.

Manila, Sept. 14.—The Filipino police numbering 250 men, armed with revolvers and clubs, are now operative in Manila. The force is controlled by a provost marshal and reviewed on the Luneta.

Captain Davidson, commanding the Paragua, reports a sharp engagement at Balvema. His vessel was struck many times by rifle bullets, but no casualties. The Paragua silenced the insurgent fire in 20 minutes at a range from 400 to 900 yards. The occasion was the capture of a Filipino schooner, which Davidson destroyed.

Balvema is in the province of Masbate, south of Luzon and north of Visayas.

Ordered Home.

Manila, Sept. 14.—Colonel Charles Denby and Prof. Dean Worcester, members of the Philippine commission, have received instructions from President McKinley to return as soon as possible. They will embark on the steamer Empress of India which sails from Hong Kong Sept. 26. It is not known whether the clerical force will return with them or remain here. The commissioners had just moved into new offices and had expected to spend some months working on the establishment of municipal governments.

The Nevada cavalry were unable to sail on the Newport. They will take the next available transport.

BEDLOE NOT TO BLAME.

His Chinese Interpreter Caused the Blanders Attributed to Him.

Washington, Sept. 14.—As a result of his investigation of the charges made against Dr. Edward Bedloe, United States consul at Canton, it is stated that he will either be ordered back to Canton or be given another position in the consular service equally as good as that occupied in China.

The inquiry into the charges submitted to the department against Dr. Bedloe has extended over a year. The responsibility for Dr. Bedloe's trouble is placed directly upon his interpreter, a Chinaman named Chung, who, fearing punishment upon the discovery of his crime, fled to Macao, so as to escape the vengeance of Dr. Bedloe and the Chinese government. The complaint is against the consulate by the Chinese government and was directed against Chung as well as Dr. Bedloe, but the tsung li yamen is willing to again receive Dr. Bedloe now that Chung has been dismissed.

With respect to the charge that Dr. Bedloe issued fraudulent certificates to Chinese, it was said by a state department official that the consul was in this case as well as others, the victim of his interpreter.

MANY PERSONS KILLED.

Thirty-Two Dead From a Panic in a Synagogue in Poland-Russia.

Berlin, Sept. 14.—Floods are causing widespread damage in southern Germany and Austria. The north part of Zwickau is inundated.

Owing to the undermining of a railway bridge over the Isenb river between Muehldorf and Rorhrbac, a train fell into the river. Five persons were killed.

All tributaries of the Danube in Austria are flooded. The bridge over the Sewara river at Payerbach collapsed and 10 persons were carried away.

Advices from Kalish, in Russian Poland, says 32 persons were crushed to death in a panic in the synagogue there by the upsetting of a lamp. The victims were all women and children. Many others were injured.

Colorado Volunteers Welcomed.

Denver, Sept. 14.—The Colorado volunteers were welcomed home to the state capital with a demonstration that atoned for the lack of enthusiasm manifested when the regiment departed from this city on May 17, 1898, for the Philippines. The soldiers were all crowned with wreaths of mountain holly and their pathway strewn with flowers.

WILL BRYAN GET IT?

Another Railroad—Some Talk That Looks Like Business.

Austin, Texas, Sept. 13.—The railroad commission this evening approved a contract between the Calvert, Waco and Brazos Valley and the International and Great Northern railroads whereby the latter furnishes the former trackage from Lewis switch to Hearne and with terminals at the latter point. Single line rates will be applied to joint hauls over these roads.

The iron on the Calvert, Waco and Brazos Valley has been laid to Calvert and trains will begin running in a day or two. The road will be extended to Waco within the next twelve months, after which it will be pushed northward to Fort Worth and southward from Lewis switch via Bryan to Grand Lake in Montgomery county, where connections will be made with the International and Great Northern for Houston and Galveston. The route from Lewis switch to Grand Lake has already been surveyed and a most satisfactory condition of affairs from a construction standpoint developed along it. George Gould is behind the enterprise, the inauguration of which was made necessary by the invasion of International and Great Northern territory by the Huntington interest, which now controls the Hearne and Brazos Valley and is making arrangement to close in from the north and southeast by connecting the Texas trunk with the Sabine and East Texas, and consolidating both with the Texas and New Orleans. In self defense Mr. Gould has concluded to build a north and south line that will traverse middle Texas and connect Houston and Galveston with Fort Worth and place him in a position to compete with Huntington at Galveston, as he does at New Orleans.

It will also enable him to offset the loss of business the Katy's San Antonio extension will cause the International and Great Northern by letting him into some of the Katy's best north Texas territory, where he can divide the traffic with that road.

According to the Daily Examiner the total cotton receipts of Navasota up to 3 p. m. Wednesday, Sept. 13, were 5950 bales. The cotton receipts of Bryan up to noon on the same date were 7752, showing a difference 1802 bales in favor of Bryan.

Mr. J. W. Johnson, one of directors of Allen Academy, has announced that each year he will give to the student of the Academy making the highest general average for the term a handsome gold medal to be known as the Johnson medal.

Among the visitors in Bryan yesterday from Leon county were O. L. Brown, Walter House, Sam Lemons, H. B. Richardson, J. B. Sellers and son, W. M. Martin, W. T. Crutcher, Mrs. Frank Bell, Frank Bell, Jr. and Misses Bell.

Rev. E. G. Townsend, who recently conducted a revival at the Baptist church in this city, was married to Miss E. C. Moore at Belton Wednesday, September 13.

Special Notice.

On and after Sept. 15, I will have at my store an experienced dress maker thoroughly posted on all the new styles and ideas in up-to-date dress making, and ready to fill orders for all classes of work in this line as satisfactorily as the most accomplished modistes of the larger cities. The patronage of the ladies of Bryan and vicinity is respectfully invited.

DAVITT ON DREYFUS.

Says English and Americans Have No Room to Condemn France

New York, Sept. 14.—In response to the request of The World's correspondent at London for an opinion regarding the Dreyfus verdict, Michael Davitt wires as follows:

"The comments of the English and American press on the result of the trial at Rennes, are a greater outrage on justice than is the condemnation of Dreyfus, even if he is innocent. It is the moral assassination of a nation, for the action of the court-martial, had Dreyfus been a poor man, would have excited no sympathy in New York or London. As it is, the rich English speaking world works itself into a hypocritical moral rage against a nation that taught England and Europe the liberty they now profess. Were Dreyfus an Irishman, accused of a political crime against England, he would be tried and condemned by a picked jury, sentenced by a political judge and imprisoned among thieves."

"The fact that Dreyfus is suspected of treachery to France is enough to make him a moral hero in England and to cause the British press to use the case as a weapon with which to stab France. Neither England nor America ever ran one hundredth part of the risk faced by France in order to get at the truth concerning one man's act or his innocence. I do not believe him altogether guiltless, but I hope he will be pardoned forthwith."

In Good Spirits.

Rennes, Sept. 14.—Captain Dreyfus continues in good spirits and his health is fairly satisfactory, although the stomach trouble still clings to him. Most of his waking hours are passed in reading correspondence and Paris literary reviews. He is under the same discipline as prior to the trial and is allowed exercise daily in the prison yard.

A Pardon Under Conditions.

Boston, Sept. 14.—The Post announces that it has received the following dispatch from Paris:

"Generals Roget and Mercier have offered on the part of the army to demand from President Loubet the pardon of Captain Dreyfus if the Jewish committee will drop the matter and on the conditions that Dreyfus shall live away from the large cities of France for three years."

Favors the Boycott.

London, Sept. 14.—According to the Daily Mail, which is a strong advocate of a general boycott of the Paris exhibition as a protest against the Rennes verdict, Baron Suffield, president of the Article club, an organization including in its membership the colonial agents general and representing commercial firms with an aggregate capital of \$2,000,000, favors the projected boycott.

Will Not Intercede.

Washington, Sept. 14.—The president is receiving petitions asking him to request the French government to pardon Dreyfus. No such action will be taken, the administration holding that to do so would be undoubtedly offensive to France which would say that this government had no right to interfere in a matter which relates to internal administration and which he alone must decide.

Charged With Murder.

Guthrie, O. T., Sept. 14.—Joseph Watkins was brought here and jailed on a charge of murder, committed in 1891. At the settlement of Oklahoma, William Watkins and Frank Carter settled on the same claim, a very valuable one west of this city. The contest was most bitter, and one day Carter shot and killed Watkins. He was tried for murder, but acquitted on a plea of self-defense. Joseph Watkins, son of the dead man, then took up the feud, and one night shot and killed Carter as he was eating supper. He fled and was never apprehended until Monday, when he was found visiting friends in Noble county.

Fatally Hurt by Robbers.

Independence, Kas., Sept. 14.—John Henderson, a farmer, living three miles from here, was attacked by robbers and robbed of \$82. Henderson was alone at the time, his wife having gone to another part of the county, and was preparing to retire, when two men entered the house and demanded his money. On his refusal to give, the men pounded him on the head, secured the money and left him for dead. He was found on the floor unconscious by a neighbor who called. Henderson will probably die. There is no clew.

Pardoned by Governor Sayers.

Fort Worth, Tex., Sept. 14.—Attorney O. S. Lattimore has returned from Austin where he went to confer with Gov. Sayers to secure the pardon of D. D. Hunter, sent up from Tarrant county two years ago for horse theft. On hearing Mr. Lattimore the governor granted Hunter an unconditional pardon. He was the only support of an old mother. Hunter was sent to the pen for five years.

Baer for Governor.

Worcester, Mass., Sept. 14.—The state prohibition convention has nominated a ticket headed by John W. Baer of Medford. The platform favors woman suffrage and denounces the army canteen.

Granted Bail.

Lockhardt, Tex., Sept. 14.—Obe Teague, colored, charged with killing Jim Moore in this county some two weeks ago, was granted bail in the sum of \$1000. He has not given the bond yet.

A Child Drowned.

Ardmore, I. T., Sept. 14.—The little daughter of Mr. and Mrs. John Holt of Berwyn was drowned in the Washita river. The body was recovered.

MISSIONARIES OUSTED.

Natives in China Cause a Riot and Many Make Narrow Escapes.

Tacoma, Sept. 14.—Telegrams have been received at Shanghai announcing that several British missionaries have been driven out of the city of Paongan, situated 160 miles across the border in Audone province, Thibet. Over 3000 Laamas reside there, a majority of whom joined the antiforeign demonstration and drove the missionaries out. The latter included Mr. and Mrs. Shields and Mrs. McBeth. For several weeks previous to the final riot the missionaries stayed in doors. Details are not known further than the mission has been destroyed and the missionaries barely escaped by journeying secretly at night.

Near Ichang and Chun Kin an anti-Catholic uprising was caused by the kidnapping of children. Children had been stolen almost by the wholesale by wandering gypsies, but the natives believe they were eaten by the hated foreigners. A number of native Catholics have been killed.

At Fuchow ten natives were executed for circulating reports against the foreigners.

Decision Expected Soon.

Washington, Sept. 14.—Information reaching here is that the British Venezuela court of arbitration, now sitting in Paris will conclude its work and render a final decision about the first of the coming month. This is due to the desire of Chief Justice Fuller, one of the arbitrators, to return to Washington in time for the opening of the supreme court on Oct. 10. Mr. Harrison has announced to his colleagues that he will only make a brief speech and this has permitted an understanding to close the work about the first of the month and render a verdict on this important question before the arbitrators separate.

Mexican Veterans.

Indianapolis, Sept. 14.—The annual reunion of the National Association of Mexican Veterans is in session here. Governor Mount and Mayor Taggart delivered addresses of welcome. About 125 veterans, representing more than half the states, are attending the reunion. A banquet will be given at which it is expected that General Buckner of Kentucky will be present and deliver an address.

Almost Completed.

Washington, Sept. 14.—Information has been received at the war department showing that the gunboat Florida, which has been undergoing repairs for some time, will soon be ready for service. She will operate on Laguna de Bay. The armor plate and guns of the former Spanish gunboat Covadonga have been transferred to the Florida, supplemented by American guns.

Vanderbilt's Funeral.

New York, Sept. 14.—The funeral of Cornelius Vanderbilt, who died Tuesday morning, is to be held at 10 o'clock tomorrow morning in the St. Bartholomew's church, in which Mr. Vanderbilt was a pew holder. The services will be conducted by Rev. Dr. David H. Greer, the rector. Bishop Potter will be present.

Largest Vessel Afloat.

New York, Sept. 14.—The new White Star line steamship Oceanic, the largest vessel afloat, from Queenstown, has arrived at her pier in North river and debarked her passengers. It took six tugs 40 minutes to shove her bow around and force the huge vessel into place. When docked she filled the whole length of the pier.

Big Robbery Reported.

London, Sept. 14.—It is reported that a robbery of \$60,000 while the amount was in transit by cab from a branch to the head office of a city bank, occurred Tuesday. No confirmation of the rumor is yet obtainable. It is said the bank messenger was unharmed by a thief dressed in the uniform of his own bank.

Shot a Woman.

St. Louis, Sept. 14.—William White, 50 years of age, shot and fatally wounded Mrs. Alice Bremser and then tried unsuccessfully to end his own life. White was formerly a bank cashier in Santa Ana, Tex. His wife lives in Fort Worth, Tex. Jealousy was the cause of the tragedy.

Both Were Convicted.

Lake Charles, La., Sept. 14.—The jury in the case of Felix Robertson and Major Johnson for the killing of Mose Butler returned a verdict of guilty of murder without capital punishment against Robinson and manslaughter against Johnson. Both of the accused and their victim were negroes.

Subscribes \$35,000.

St. Louis, Sept. 14.—The Missouri, Kansas and Texas Railroad company, through President Rouse, has subscribed \$35,000 to the capital stock of the world's fair. This is one of the largest subscriptions yet received to the world's fair fund.

Spouting Gas.

Mexia, Tex., Sept. 14.—The oil well west of town has gone to spouting out gas that will burn for several feet above the ground, but the extent of the gas can not be ascertained until the broken machinery is removed from the well.

Hungarian Arrested.

New York, Sept. 14.—A Hungarian named Max Sohor, was arrested here at the request of the police of Kerrville, Tex. He is accused of obtaining \$2500 from Charles Schiermer of Kerrville by fraudulent means.

Thrown From a Horse.

Tyler, Tex., Sept. 14.—Sam Lawrence, a young man living 18 miles west of here, was thrown from his horse and received injuries from which he is not expected to recover.

THE TRUST CONFERENCE.

Selecting the Committee on Resolutions Caused a Warm Meeting.

Chicago, Sept. 14.—The second day's session of the trust conference opened with William Wirt Howe of New Orleans in the chair and there was a falling off in attendance of both delegates and spectators. Chairman Howe proceeded at once to business by putting before the house the resolution introduced by Mr. Farr of Missouri, for the appointment of an important committee on resolutions. He called for a committee of 15 to be selected by the chairman. To this committee all the resolutions, according to Mr. Farr, were referred without reading or debate.

An amendment was immediately proposed by various speakers vigorously urging the resolution be amended to allow the appointment of the committee by the delegates themselves, one committeeman from each state.

The original motion was not acted upon, but the amendment in regard to the appointment was carried by standing vote of 99 to 14.

A heated debate followed, participated in by Atkinson of West Virginia, Luce of Michigan, Prince of Texas and others.

Edward Rosewater of the Omaha Bee, earned applause in his earnest speech in which he declared the people of the United States had courage in their convictions.

Bourke Cockran restored harmony by suggesting, which was adopted, that the committee on resolutions consist of not only one representative from each state delegation, but of each national organization.

Attorney General Jeff Davis of Arkansas, spoke on "The Arkansas Law as Applied to Trusts."

The convention then recessed until 3 o'clock.

REMEY AND SCHLEY.

They Will Be Given the Asiatic and South Atlantic Stations.

Washington, Sept. 14.—When secretary Long returns to Washington he is expected to issue orders for the relief of Rear Admirals Watson and Howison from the command of the Asiatic and South Atlantic stations respectively. While no definite decision has been reached regarding the succession of these officers, it is understood in naval circles that the names of Rear Admirals Remy and Schley are under serious consideration. It seems settled that Rear Admiral Remy will succeed Watson in the course of a couple of months. With respect to Schley, it is said that he will undoubtedly be consulted by the secretary, and should he object to the command of the South Atlantic station, it will probably be given to another officer.

Some of Admiral Schley's friends see in the proposed assignment another slight, but while there are comparatively few ships attached to this station, the prospective trouble in South Africa makes it desirable that there should be in command a level headed officer who can take such action for the protection of American interests as may seem advisable. The South Atlantic squadron consists of the cruisers Chicago, Montgomery and the gunboat Wilmington. It has always been considered the least desirable of the several squadron commands. The prospect that Rear Admiral Remy will go to Manila grows in part out of the persistent reports of Admiral Watson's ill health.

If Admiral Schley is given command of the South Atlantic station, he will probably be succeeded as president of the retiring board by Rear Admiral B. Day.

Formal orders have been issued assigning Admiral Howell to duty as commandant of the Norfolk navyyard.

HOLDING THEIR COTTON.

Some Georgia Farmers Will Hold Their Cotton for Eight Cents.

Griffin, Ga., Sept. 14.—The farmers of Spalding county at a mass meeting here resolved that they would not market their cotton crop for less than 8 cents per pound and that until that price is reached the bankers and merchants have agreed to advance such an amount on all cotton received by them to meet the immediate demands of the farmers storing the said cotton in warehouses and as security hold the receipts of such cotton until a sale was deemed advisable.

All Georgia farmers are called upon to take similar action.

Negro Lynched in Georgia.

Tifton, Sept. 14.—Henderson, a negro, was lynched in the little town of Tity, near here, for assault upon Mrs. Jennie Ash, committed several days ago. Another negro, Henry Boynton, has also disappeared, and it is believed the mob took his life, although particulars of his death are not obtainable. Henderson was taken before Mrs. Ash and she identified him as did also her little brother who saw the crime committed. Henderson asserted his innocence and placed the crime on Henry Boynton.

Died From Chloroform.

Beckville, Tex., Sept. 14.—News has reached here that John Thompson, a young man, got his thumb cut off while at work at Dan Chadwick's cottongin, seven miles south of town, and while under the influence of chloroform died from the effects of the drug.

The Largest Attendance.

Bryan, Tex., Sept. 14.—The Agricultural and Mechanical college of Texas opened Wednesday with the largest attendance in its history.
